**Subject:** Please remove Item #3

Dear Board of Supervisors,

I have been alerted that item #3 on next Tuesday's consent agenda involves moving the evacuation center from Santa Maria High School to the New Tech High School in Nipomo in case of a release of radiation at Diablo Canyon.

Should prevailing winds be blowing in their usual pattern, there is a strong likelihood that New Tech High School would be in the direct plume of radiation. Santa Maria is too close; Nipomo is unacceptably close.

I believe that this is an item that needs public input. I urge you to remove this item from the consent agenda and place in on the regular agenda in an upcoming meeting. Community members need time to study the issue and prepare remarks.

Sincerely,

Item No. 3  
Meeting Date: August 9, 2016

**Subject:** DIABLO

Move item #3 on Tues. Aug.9th to a future agenda. I was arrested at entrance to Diablo in 1979 because PG&E did NOT know

what they would do with this nuclear waste-----storage on site as they now do is very dangerous. Glad to read that PG&E plans close Diablo.
